

Personal Information				
Given Name	Jeong-O	Surname	Lee	
Organization	Korea Research Institute of Chemical Technology			
Position	Principal Researcher	Nationality	Korean	
Field of Expertise	Nanocarbon materials synthesis and applications, Cell-Material interfaces			
Title of Presentation	Transparency of Graphene			
Education				
1985 – 1989 BS. Department of Physics education, Ewha University				
1989 – 1991 MS. Department of Physics , Pohang Institute of Science & Technology				
1998 - 2001 Ph.D Department of Physics, Chonbuk National University				
Professional Experience				
2001.9-2003.8.	Postdoctoral fellow, Department of Nanoscience, Delft University in the Netherland			
2003.10-2009. 12.	Senior Researcher; Fusion-Biotechnology Research Center, Division of Advanced Materials, Korea Research Institute of Chemical Technology (KRICT)			
2010.1-present	Principal Researcher; Division of Advanced Materials, Korea Research Institute of Chemical Technology (KRICT)
